

We are pleased to announce that Expo Freight Australia is the official freight forwarder for **Melbourne Disability Expo 2025**.

Specialising in national event transport, utilising their service assures your freight is being handled by industry professionals.

If you are using Expo Freight, they will collect from your allocated address and your goods will automatically be delivered to your exhibition booth prior to bump in commencing. Prior to bump out commencing one of their team will visit your stand with all required documentation and your goods will be delivered back to your required address.

Please note: This event bumps in on very tight parameters and deliveries will not be accepted at the venue earlier than allocated move in dates. Furthermore, all freight must be removed from the venue during official move out times, no exceptions. Expo Freight may be instructed by the Event Organiser to remove any freight remaining onsite back to their local depot, at the expense of the exhibitor/contractor. For these reasons, we highly recommend using their service.
